**2021 No. 792**

**The Space Industry Regulations 2021**

**PART 7**

**Training, qualifications and medical fitness**

**CHAPTER 5**

**Medical Fitness**

**Medical records**

77.—(1) Every medical assessment or examination of an individual who intends to be carried on board a launch vehicle during the operator's spaceflight activities, and of a remote pilot, must be recorded by the approved aeromedical examiner who carried out that assessment or examination on behalf of the spaceflight operator, and the result of that assessment or examination reported to the individual concerned and to the spaceflight operator.

(2) The aeromedical examiner must send copies of records of medical assessments and examinations carried out in relation to members of the flight crew to the regulator.

(3) The licensee and aeromedical examiner must make the records of other medical assessments and examinations carried out available to the regulator on request.

(4) The licensee and aeromedical examiner must take measures to ensure that all medical records are protected as confidential information, and not disclosed otherwise than in accordance with this regulation.
