

## SCHEDULE 3

### Training and qualification

## PART 3

### Training for specified roles and capacities

- 51.** Every member of the crew and remote pilot must receive training in—
- (a) co-ordination of the crew,
  - (b) the extent to which human error may affect the safety and efficiency of spaceflight activities, and how this may be mitigated, and
  - (c) the identification and carriage of hazardous material or dangerous goods.
