The Register of Overseas Entities
(Annotation and Removal) Regulations 2024

Part 3

Removal of registered material

Rejection of application for removal

6.—(1) This regulation applies where an application for removal has been delivered to the registrar and all of the specified material is material that the registrar—

- (a) is not satisfied the registrar has the power to remove, or
- (b) does not intend to remove.

(2) The registrar must reject the application and give a notice stating it is rejected to the applicant and to any other person the registrar considers appropriate.
