**2006 No. 124**

**The Town and Country Planning (General Permitted Development) (Amendment) (Wales) Order 2006**

**Amendments to Part 25**

4.—(1) In Class A of Part 25 (Other telecommunications development)—

(a) for paragraph A.1 substitute—

“A.1 Development is not permitted by Class A if—

- (a) the building is a dwellinghouse or the building or structure is within the curtilage of a dwellinghouse;
- (b) it would consist of development of a kind described in Class A of Part 24;
- (c) it would consist of the installation, alteration or replacement of system apparatus within the meaning of section 8(6) of the Road Traffic (Driver Licensing and Information Systems) Act 1989<sup>(1)</sup> (definitions of driver information systems etc);
- (d) it would result in the presence on the building or structure of more than four antennas;
- (e) in the case of an antenna installed on a chimney, the length of the antenna would exceed 60 centimetres;
- (f) in all other cases, the length of the antenna would exceed 130 centimetres;
- (g) it would consist of the installation of an antenna with a cubic capacity in excess of 35 litres;
- (h) the highest part of the antenna or its supporting structure would be more than three metres higher than the highest part of the building or structure on which it is installed or is to be installed;
- (i) in the case of article 1(5) land, it would consist of the installation of an antenna on a chimney, wall or roof slope which faces onto, and is visible from, a highway.”;

(b) for paragraph A.2(b), substitute—

“(b) an antenna no longer needed for reception or transmission purposes shall be removed from the building or structure as soon as reasonably practicable.”;

(c) after paragraph A.2 add—

“A.3 For the purposes of Class A—

- (a) the length of an antenna is to be measured in any linear direction, and shall exclude any projecting feed element, reinforcing rim, mountings or brackets;
- (b) the maximum number of antenna for the purpose of paragraph A1.(d) includes any small antenna permitted under Class A of Part 24.”.

## (2) In Class B of Part 25—

(a) in paragraph B, for “a satellite antenna” substitute “a microwave antenna”;

(b) for paragraph B.1, substitute—

“B.1 Development is not permitted by Class B if—

- (a) the building is a dwellinghouse or other structure within the curtilage of a dwellinghouse;
- (b) it would consist of development of a kind described in Class A of Part 24;
- (c) it would consist of the installation, alteration or replacement of system apparatus within the meaning of section 8(6) of the Road Traffic (Driver Licensing and Information Systems) Act 1989(2) (definitions of driver information systems etc);
- (d) it would result in the presence on the building or structure of—
  - (i) more than two antennas,
  - (ii) a single antenna exceeding 100 centimetres in length,
  - (iii) two antennas which do not meet the relevant size criteria,
  - (iv) an antenna installed on a chimney, where the length of the antenna would exceed 60 centimetres,
  - (v) an antenna installed on a chimney, where the antenna would protrude over the chimney,
  - (vi) an antenna with a cubic capacity in excess of 35 litres;
- (e) in the case of an antenna to be installed on a roof without a chimney, the highest part of the antenna would be higher than the highest part of the roof;
- (f) in the case of an antenna to be installed on a roof with a chimney, the highest part of the antenna would be higher than the highest part of the chimney, or 60 centimetres measured from the highest part of the ridge tiles of the roof, whichever is the lowest;
- (g) in the case of article 1(5) land, it would consist of the installation of an antenna on a chimney, wall or roof slope which faces onto, and is visible from, a highway”;

(c) for paragraph B.2(b), substitute—

“(b) an antenna no longer needed for reception or transmission purposes shall be removed from the building or structure as soon as reasonably practicable”; and

(d) after paragraph B.2, add—

“B.3 The relevant size criteria for the purposes of paragraph B.1(d) are that—

- (a) only one of the antennas may exceed 60 centimetres in length; and
- (b) any antenna which exceeds 60 centimetres in length must not exceed 100 centimetres in length.

B.4 The length of an antenna is to be measured in any linear direction and shall exclude any projecting feed element, reinforcing rim, mountings or brackets.

B.5 The maximum number of antenna for the purpose of paragraph B1.(d) includes any small antenna permitted under Class A of Part 24.”.
