**The Avian Influenza and Influenza of Avian
Origin in Mammals (Wales) Order 2006**

PART 4

**Measures on confirmation of highly pathogenic avian
influenza at premises other than regulated places**

Measures in surveillance zones

31.—(1) The measures in Schedule 5 apply in respect of a surveillance zone, subject to paragraph (2) and articles 33 and 35.

(2) The National Assembly may, if it has carried out a risk assessment and does not believe that to do so would endanger disease control—

- (a) disapply one or more of those measures to movements of racing pigeons into, from and within the zone;
- (b) disapply one or more of the measures set out in paragraphs 6, 11 or 15 of Schedule 5 (restrictions on the movement of poultry and eggs within and outside the zone and of poultry, other captive birds and mammals onto premises) if—
 - (i) the premises where avian influenza has been confirmed are special category premises; and
 - (ii) avian influenza has been confirmed in poultry on those premises.

(3) The National Assembly must ensure that all commercial poultry premises within a surveillance zone are identified as soon as possible.
