2006 No. 2629

The Environmental Noise (Wales) Regulations 2006

PART 2

STRATEGIC NOISE MAPS

CHAPTER 3

STRATEGIC NOISE MAPS – NON-DESIGNATED AIRPORTS

Application

- 8.** This Chapter applies to noise from non-designated airports.

Interpretation

- 9.—(1)** In this Chapter—

“input data” (“*data mewnbwn*”) means all the data and related information used to produce the numerical data in electronic form required by paragraph 3(2)(b) or 4(2)(b) (as appropriate) of Schedule 1;

“metadata” (“*metadata*”) means such elements of Section 2 of the “SPIRE Data Standard, Version 1.0” (DEFRA, 25 November 2004)(1) as are required to describe the—

- (a) input data; and
- (b) information and data required by paragraph 3(2) or 4(2) (as appropriate) of Schedule 1.

(2) Any requirement in this Chapter to submit input data to a competent authority is a requirement to submit that input data in a format that—

- (a) is electronic;
- (b) allows electronic manipulation; and
- (c) does not require manipulation in order to reproduce the numerical data in electronic form required by paragraph 3(2)(b) or 4(2)(b) (as appropriate) of Schedule 1.

Competent Authority

- 10.** The competent authority for this Chapter is the airport operator.

Duty to make, review and revise strategic noise maps: non-designated major airports

- 11.—(1)** This regulation applies only to non-designated major airports.

(2) No later than 31 March 2007, and thereafter every five years, the competent authority must—

- (a) make a strategic noise map showing the situation in the preceding calendar year for the airport; and

(1) SPIRE Programme, Product Reference: SIP – DP – 011.

(b) submit that map with input data and metadata to the Assembly.

(3) From time to time, and whenever a major development occurs affecting the existing noise situation, the competent authority must—

(a) review; and

(b) if necessary revise,

any strategic noise map made pursuant to paragraph (2) and adopted pursuant to regulation 23.

(4) The competent authority must submit any strategic noise map revised pursuant to paragraph (3)(b), with input data and metadata, to the Assembly within three working days of its revision.

Duty to make, review and revise strategic noise maps: agglomerations

12.—(1) No later than 31 March 2007 the competent authority must—

(a) make a strategic noise map showing the situation in the preceding calendar year for any relevant first round agglomeration; and

(b) submit that map with input data and metadata to the Assembly.

(2) No later than 31 March 2012, and thereafter every five years, the competent authority must—

(a) make a strategic noise map showing the situation in the preceding calendar year for any relevant agglomeration; and

(b) submit that map with input data and metadata to the Assembly.

(3) From time to time, and whenever a major development occurs affecting the existing noise situation, the competent authority must—

(a) review; and

(b) if necessary revise,

any strategic noise map made pursuant to paragraphs (1) or (2) and adopted pursuant to regulation 23.

(4) The competent authority must submit any strategic noise map revised pursuant to paragraph (3)(b), with input data and metadata, to the Assembly within three working days of its revision.

(5) In this regulation—

“relevant first round agglomeration” (“*crynodref cylch cyntaf perthnasol*”) means a first round agglomeration in which air traffic from the airport results in air traffic noise of—

(a) an Lden value of 55 dB(A) or greater; or

(b) an Lnight value of 50 dB(A) or greater,

anywhere within the first round agglomeration;

“relevant agglomeration” (“*crynodref perthnasol*”) means an agglomeration in which air traffic from the airport results in air traffic noise of—

(a) an Lden value of 55 dB(A) or greater; or

(b) an Lnight value of 50 dB(A) or greater,

anywhere within the agglomeration.
