

## SCHEDULE 2

### Election procedure

#### Part 1 –

#### General

**12.** In the case of an election of regional representatives—

- (a) the person to be appointed must be —
  - (i) a member of the Valuation Tribunal who was appointed by the President and by a council within the region in which the vacancy for the regional representative arises;  
and
  - (ii) a Chairperson;
- (b) each eligible member will have one vote; and
- (c) where there are vacancies for both a regional representative and a deputy regional representative, the member elected as regional representative will be the member who has the highest number of votes cast and the member elected as the deputy regional representative will be the member who has the second highest number of votes cast.
