2012 No. 801

The Town and Country Planning (Development
Management Procedure) (Wales) Order 2012

PART 2

Applications

Declaration to accompany applications to a local planning authority for planning permission for certain electronic communications development

9.—(1) This article applies to any application for planning permission for development which involves the construction or installation of one or more antennae for the purpose of operating an electronic communications network.

(2) For the purposes of this article “electronic communications network” (*“rhwydwaith cyfathrebiadau electronig”*) has the meaning assigned to that term by section 32(1) of the Communications Act 2003 (meaning of electronic communication networks and services)(1).

(3) An application to which this article applies must be accompanied by a written declaration that the equipment and installation to which the application relates is so designed that it will, when constructed or installed, operate, having regard to its location and the manner in which it has been constructed or installed, in full compliance with the requirements of the radio frequency public exposure guidelines of the International Commission on Non-ionising Radiation Protection, as expressed in EU Council recommendation of 12 July 1999 on the limitation of exposure of the general public to electromagnetic fields (0 Hz to 300 GHz)(2).
