The Private Dentistry (Wales) Regulations 2017

PART 1

General

Exceptions

4. For the purposes of these Regulations, an undertaking is not a private dental practice if it consists of—

- (a) the provision of private dental services by a dentist who is employed in a health service hospital and provides such services only in that hospital; or
- (b) the provision of private dental services by a dentist or relevant professional services by a dental care professional only in and for the purposes of an independent hospital.
