SCHEDULES

- | | |
|----------|--|
| SCHEDULE | The TSE requirements |
| 1 | |
| SCHEDULE | TSE monitoring and approval of laboratories |
| 2 | |
| 1. | Delivery of the body of a bovine animal for the purpose of monitoring |
| 2. | Destruction without sampling |
| 3. | Brain stem sampling of bovine animals (approved sampling sites) |
| 4. | Brain stem sampling of bovine animals (slaughterhouses) |
| 5. | Approval of testing laboratories |
| 6. | Approved sampling sites |
| 7. | Retention of products and disposal |
| 8. | TSE sampling of ovine, caprine and cervid animals |
| 9. | Compensation |
| SCHEDULE | Control and eradication of TSE in bovine animals |
| 3 | |
| 1. | Notification |
| 2. | Restriction on movements pending investigation |
| 3. | Killing of a suspect animal |
| 4. | Identification and restriction of other bovines, cohorts and offspring |
| 5. | Action following confirmation |
| 6. | Death while under restriction |
| 7. | Placing on the market of bovine progeny |
| 8. | Consignment and slaughter of an over-age bovine animal |
| 9. | When compensation is payable |
| 10. | Compensation based on average market price |
| 11. | Exceptions: compensation based on market value |
| SCHEDULE | Control and eradication of TSE in ovine and caprine animals |
| 4 | |
| 1. | Notification |
| 2. | Restriction on movements pending investigation |
| 3. | Killing of a suspect animal |
| 4. | Movement restrictions |
| 5. | Confirmation of TSE (excluding BSE and atypical scrapie) in ovine or caprine animals |

Changes to legislation: There are currently no known outstanding effects for the *The Transmissible Spongiform Encephalopathies (Wales) Regulations 2018*. (See end of Document for details)

6. Inability to exclude BSE in ovine or caprine animals
 7. Confirmation of atypical scrapie in ovine or caprine animals (BSE and classical scrapie excluded)
 8. Killing and destruction following confirmation
 9. Infected animals from another holding
 10. Common grazing
 11. Multiple flocks or herds on a holding
 12. Subsequent occupiers
 13. Death while under restriction
 14. Placing on the market of progeny of ovine and caprine animals
 15. Compensation for an ovine or caprine animal killed as a suspect animal or on confirmation of any TSE
 16. Valuations
 17. Compensation for milk and milk products compulsorily destroyed
- SCHEDULE 5 Control and eradication of TSE in animals that are not bovine, ovine or caprine
1. Notification
 2. Restriction of a notified animal
 3. Killing of a suspect animal
 4. Compensation
- SCHEDULE 6 Feedingstuffs
- PART 1 — Restrictions on feeding proteins to animals
1. Prohibition on feeding animal protein
 2. Movement prohibitions and restrictions
 3. Killing of animals
 4. Compensation
 5. Restriction and disposal of unlawful feedingstuffs
- PART 2 — Production of protein and feedingstuffs
6. Premises producing compound feed intended for non-ruminant farmed animals
 7. Fishmeal intended for non-ruminant farmed animals
 8. Dicalcium and tricalcium phosphates intended for non-ruminant farmed animals
 9. Blood products intended for non-ruminant farmed animals
 10. Processed animal protein other than fishmeal and processed animal protein derived from farmed insects for feeding to aquaculture animals
 11. Processed animal protein derived from farmed insects for feeding to aquaculture animals
 12. Milk replacers containing fishmeal for feeding to unweaned ruminants
 13. Processed animal protein, including fishmeal, derived from non-ruminants
 14. Feed materials and compound feed
 15. Export of processed animal protein ...
- SCHEDULE 7 Specified risk material, mechanically separated meat and slaughtering techniques
1. Appointment of the Food Standards Agency as the competent authority
 2. Training
 3. Mechanically separated meat
 4. Pithing

Changes to legislation: There are currently no known outstanding effects for the The Transmissible Spongiform Encephalopathies (Wales) Regulations 2018. (See end of Document for details)

5. Tongue harvesting
 6. Head meat harvesting
 7. Removal of specified risk material
 8. Bovine animals in a slaughterhouse
 9. Ovine and caprine animals in a slaughterhouse
 10. Bovine, ovine and caprine animals in other places of slaughter
 11. Young lamb and goat stamps
 12. Removal of spinal cord from ovine and caprine animals
 13. Authorisation of cutting plants by the Food Standards Agency
 14. Removal of specified risk material at a cutting plant authorised under paragraph 13(1)
 15. Carcases from a Member State
 16. Staining and disposal of specified risk material
 17. Security of specified risk material
 18. Prohibition on the sale, supply or possession for sale or supply of specified risk material for human consumption
- SCHEDULE 8
- Restrictions on placing on the market and export
1. Placing on the market or export ... of bovine products
 2. Placing on the market or export ... of bovine animals
- Explanatory Note

Changes to legislation:

There are currently no known outstanding effects for the The Transmissible Spongiform Encephalopathies (Wales) Regulations 2018.
