## EXPLANATORY NOTE

*(This note is not part of the Regulations)*

These Regulations amend the Care and Support (Charging) (Wales) Regulations 2015 (“the Charging Regulations”) and the Care and Support (Financial Assessment) (Wales) Regulations 2015 (“the Financial Assessment Regulations”).

The Charging Regulations set out the requirements which local authorities must follow when making a determination of the amount of the charges which apply in relation to care and support which they are providing or arranging or propose to provide or arrange in the course of carrying out their functions under Part 4 of the Social Services and Well-being (Wales) Act 2014 (“the Act”). The Charging Regulations also contain parallel provision setting out requirements which apply when a local authority makes direct payments to meet a person’s needs for care and support.

The Financial Assessment Regulations make provision under the Act about the way in which a local authority must carry out a financial assessment of a person’s (“A”) financial resources in the following cases—

- (a) where the authority thinks that if it were to meet A’s needs for care and support (or a carer’s needs for support) it would impose a charge under section 59 of the Act, or
- (b) where the authority thinks that if it were to make payments towards meeting the cost of A’s needs for care and support (or a carer’s need for support) by making direct payments by virtue of section 50 or 52 of the Act, it would require A to pay, by way of reimbursement (in the case of gross payments) or contribution (in the case of net payments), towards the cost of securing the provision of that care and support.

These Regulations amend Part 2 of the Charging Regulations (charging under Part 5 of the Act) as follows:

- the amount of the maximum weekly charge for non-residential care and support is increased from £80 to £90;
- the relevant capital limit for residential care is increased from £40,000 to £50,000;
- the net weekly minimum income amount where a person is provided with accommodation in a care home is increased from £28.50 to £29.50.

These Regulations amend Part 4 of the Charging Regulations (contributions and reimbursements for direct payments) as follows:

- the amount of the maximum weekly contribution or reimbursement for non-residential care and support is increased from £80 to £90;
- the net weekly minimum income amount where a person is provided with accommodation in a care home and receives direct payments under the Act is increased from £28.50 to £29.50.

These Regulations amend Schedule 2 to the Financial Assessment Regulations as follows:

- payments made under or by a trust established for the purpose of giving relief and assistance to disabled people whose disabilities were caused by the fact that during pregnancy their mother had taken the drug known as Thalidomide, are to be ignored in the calculation of an adult’s capital for the purposes of an assessment of that adult’s financial resources.

The Welsh Ministers’ Code of Practice on the carrying out of Regulatory Impact Assessments was considered in relation to these Regulations. As a result, a regulatory impact assessment has been prepared as to the likely costs and benefits of complying with these Regulations. A copy can
