## 1974 CHAPTER 40

### PART III

#### NOISE

##### *Noise from plant or machinery*

#### **68 Noise from plant or machinery.**

(1) Provision may be made by regulations—

- (a) for requiring the use on or in connection with plant or machinery of devices or arrangements for reducing the noise caused by the plant or machinery;
- (b) for limiting the level of noise which may be caused by any plant or machinery when used for works to which section 60 of this Act applies or which may be caused outside a factory within the meaning of the <sup>M1</sup>Factories Act 1961 by the use of plant or machinery in the factory;

and regulations under this section may apply standards, specifications, descriptions or tests laid down in documents not forming part of the regulations.

(2) It shall be the duty of the Secretary of State, before he makes regulations under this section, to consult persons appearing to him to represent producers and users of plants and machinery with a view to ensuring that the regulations do not contain requirements which in his opinion would be impracticable or involve unreasonable expense.

[<sup>F1</sup>(2A) Subsection (2) does not apply to regulations which apply only in relation to England.]

(3) Any person who contravenes or causes or permits another person to contravene regulations under this section shall be guilty of an offence against this Part of this Act; but in any proceedings for a contravention or regulations made in pursuance of paragraph (a) of subsection (1) of this section it shall be a defence to prove that means were used for the purpose of reducing the noise in question which were not less effective for that purpose than the means required by the regulations.
